

NPP-HH1502C

NPP-HH2002C

# NPP-HH SERIES HIGH HEAD WATER PUMP

## APPLICATIONS:

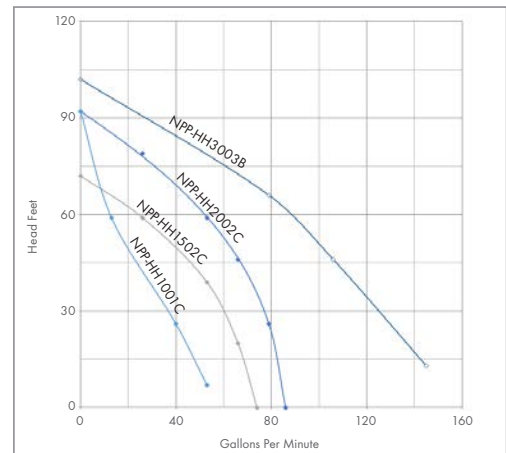

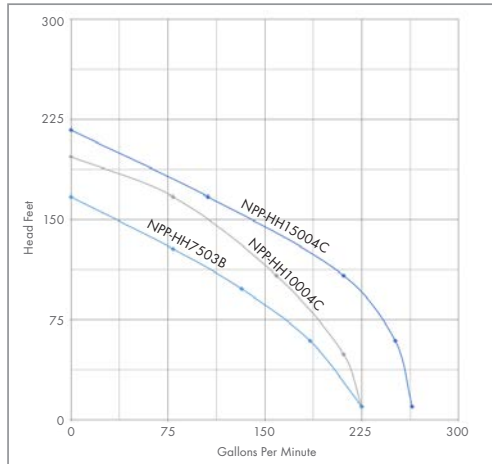

General water transfer and high head pumping applications. Irrigation, waste water transfer, seal water supply, car wash applications, etc.

## FEATURES:

- Dual mechanical seal for extended life in harsh conditions
- High head impeller design. Corrosive and wear resistant
- Stainless Steel fasteners, motor frame, & pump shaft
- Durable cable and cable base
- Float switch option on 2hp and smaller units
